Helen P. Steele  
5146 Elder Rd.  
Ferndale, WA 98248

Dear Ms. Steele:

Your letter was referred to me because I have done some research on the Greek population in Astoria, most of which I did for Frank Angleton of New Jersey. He was interested in early Greek fishermen. Unfortunately, I was not able to prove that there were any in the area much before 1880. A copy of one of my letters is enclosed here.

Also enclosed are a number of lists that I typed for him. I did not keep copies of all that I sent him, and it may not be what you are interested in anyway.

If you look at the census for 1880, 1900 and 1910, you will find Greeks living mainly in the Clifton area. Names from some of these census' are enclosed.

There is also a list enclosed of articles about Greeks. If there is anything in particular that you would like me to look up for you, please let me know. If you have a substantial amount of work you want copied, you might let me know and I will forward the letter to the Genealogy Society. We could then let you know what the hourly rate would be.

In looking through a death register for Clatsop County for 1907 to 1915, you might be interested in the following deaths of Greeks:

Out of 12 deaths listed in this one register, 7 were from natural causes, 1 was from drowning, 1 died of carbolic acid poisoning, 1 accidental discharge of dynamite, 1 typhoid fever, and one murdered by wound on head by some unknown person or motive.

If you would like more information, let us know.

Sincerely,

Liisa Penner, President

Astoria Daily Budget October 14, 1912:6

At a mass meeting of the Greeks residing in Astoria vicinity held Sunday afternoon, 110 men signed the roll agreeing to return to their native land to engage in war against Turkey, whenever a call for their service is made. A purse of \$3000 was raised to pay the expenses of the party as far as New York from where the Greek government will provide transportation. A telegram was sent by the committee to the Greek Consul in New York notifying him what had been done and the committee is now awaiting further instruction from him.

Astoria Daily Budget October 15, 1912:6

Responding to a telegram received Monday afternoon from the Greek consul at New York stating their services will be needed in the pending war with Turkey, fifteen Greek residents of this city left last evening for New York enroute to their native land, ten more will leave tonight and others will start within a few days. One hundred and ten of the Astoria Greeks will go and others from Clifton, Westport and Wauna are expected to respond to the call so the total number from Clatsop will probably not be less than two hundred.

Astoria Daily Budget October 19, 1912

Approximately sixty of the Greek residents of this city, Westport, Clifton and Wauna have started for their native land to participate in the war with Turkey. Five more will leave this evening and next Tuesday about forty others from this county and from Knapton are to start. Notice has been received from the Greek consul at New York that the Greek Government has issued a call for all the members of the army and naval reserve, who are in America, but only a small portion of the men from here who are responding to the call are reservists.

20 Fernhill Road  
Springfield, New Jersey 07081

Dear Mr. Angleton:

I am enclosing the results of my search for early Greeks in Clatsop County. I hope that it will be of use to you.

I could not find any definite dates for arrival before 1880. I could not find any Greeks on the 1870 census. However, from the large number of Greeks on the 1880 census in Clatsop County (copies are enclosed), it must be assumed that they probably arrived in the 1870's, if not before. The 1900 census for Clatsop County gives the number of years the people listed had been in the United States. But we don't know if they were on the West Coast then. The dates listed in the Clatsop County Declaration of Intent Index Book 1 also indicates that some of these people must have arrived here earlier. But does not tell just when.

There is a book titled "Surge to the Sea" by Thomas Doulis written for the Greek Orthodox Church in Portland. I have ordered it on inter-library loan from the Oregon State Library and will let you know if it has useful information for your search.

If you wish more information, I would be happy to help you.

Sincerely

Liisa Penner

The coroner's jury impaneled to inquire into the death of Antoin Verange met yesterday, but only brought out the facts as published in the Astorian of yesterday. Dr. J. A. Fulton testified that the wound was sufficient to have caused death in a few minutes, a stilllet evidently having been used. The motive of the murder could not have been robbery, as \$15 was found on young Verange's body. The dead man's uncle testified at the inquest that his nephew was of a jolly disposition, and that, so far as he knew, had no enemies. Verange was evidently killed because of the part he took in the fishermen's strike. While fishing one night his companion was shot and it is now thought Verange paid the penalty of earning a living. The jury adjourned till Friday, when it is expected more evidence will be produced. Verange is the eighth person killed at Clifton since April 10.
